# FRAMES/TELAIO/RAHMEN

## MAIN FRAME DESCRIPTIONS

In this section, the field "Description" is divided into two columns. These columns indicate the frame size and type. The frame descriptions are as follows:

|   |   |   |   |
|---|---|---|---|
| A | B | - | C |
|---|---|---|---|

- A: n° of rows
- B: empty = rigid head, F = folding head
- C: row width in inches

## DESCRIZIONI TELAIO

In questa sezione il campo "Descrizione" è suddiviso in due colonne, nella seconda colonna viene indicato il telaio di appartenenza dell'item. Il singolo telaio può essere montato in una o più configurazioni diverse. La descrizione del telaio è così composta:

|   |   |   |  |   |   |   |   |   |
|---|---|---|--|---|---|---|---|---|
| T | A | B |  | C | _ | D | _ | E |
|---|---|---|--|---|---|---|---|---|

- T: telaio
- A: n° file
- B: F = macchina fissa, FR = macchina ribaltabile
- C: 1° possibilità di interfila
- D: 2° possibilità di interfila
- E: 3° possibilità di interfila

Nei campi C, D o E possono essere presenti due valori separati da "-" a indicare che nella configurazione in questione si ha "interfila – interfila ridotta fila laterale". Prendendo ad esempio un "T8F 750\_750-700\_760", il telaio è un 8 file fisso a 750mm, oppure 8 file fisso a 750mm e laterali a 700mm, oppure 8 file fisso a 760mm (30 pollici).

## BESCHREIBUNG AUSFÜHRUNG HAUPTTRAHMEN

In diesem Abschnitt wird das Feld "Beschreibung" in zwei Spalten aufgeteilt. Die zweite Spalte weist auf den Rahmen, Reihenabstand und Ausführung hin. Einzelne Rahmen können auf unterschiedliche Reihenabstände abgestimmt werden. Die Beschreibung stellt sich wie folgt zusammen:

|   |   |   |  |   |   |   |   |   |
|---|---|---|--|---|---|---|---|---|
| T | A | B |  | C | _ | D | _ | E |
|---|---|---|--|---|---|---|---|---|

- T: Rahmen
- A: Anzahl der Reihen
- B: F = starrer Rahmen, FR = klappbarer Rahmen
- C: 1° möglicher Reihenabstand

D: 2° möglicher Reihenabstand

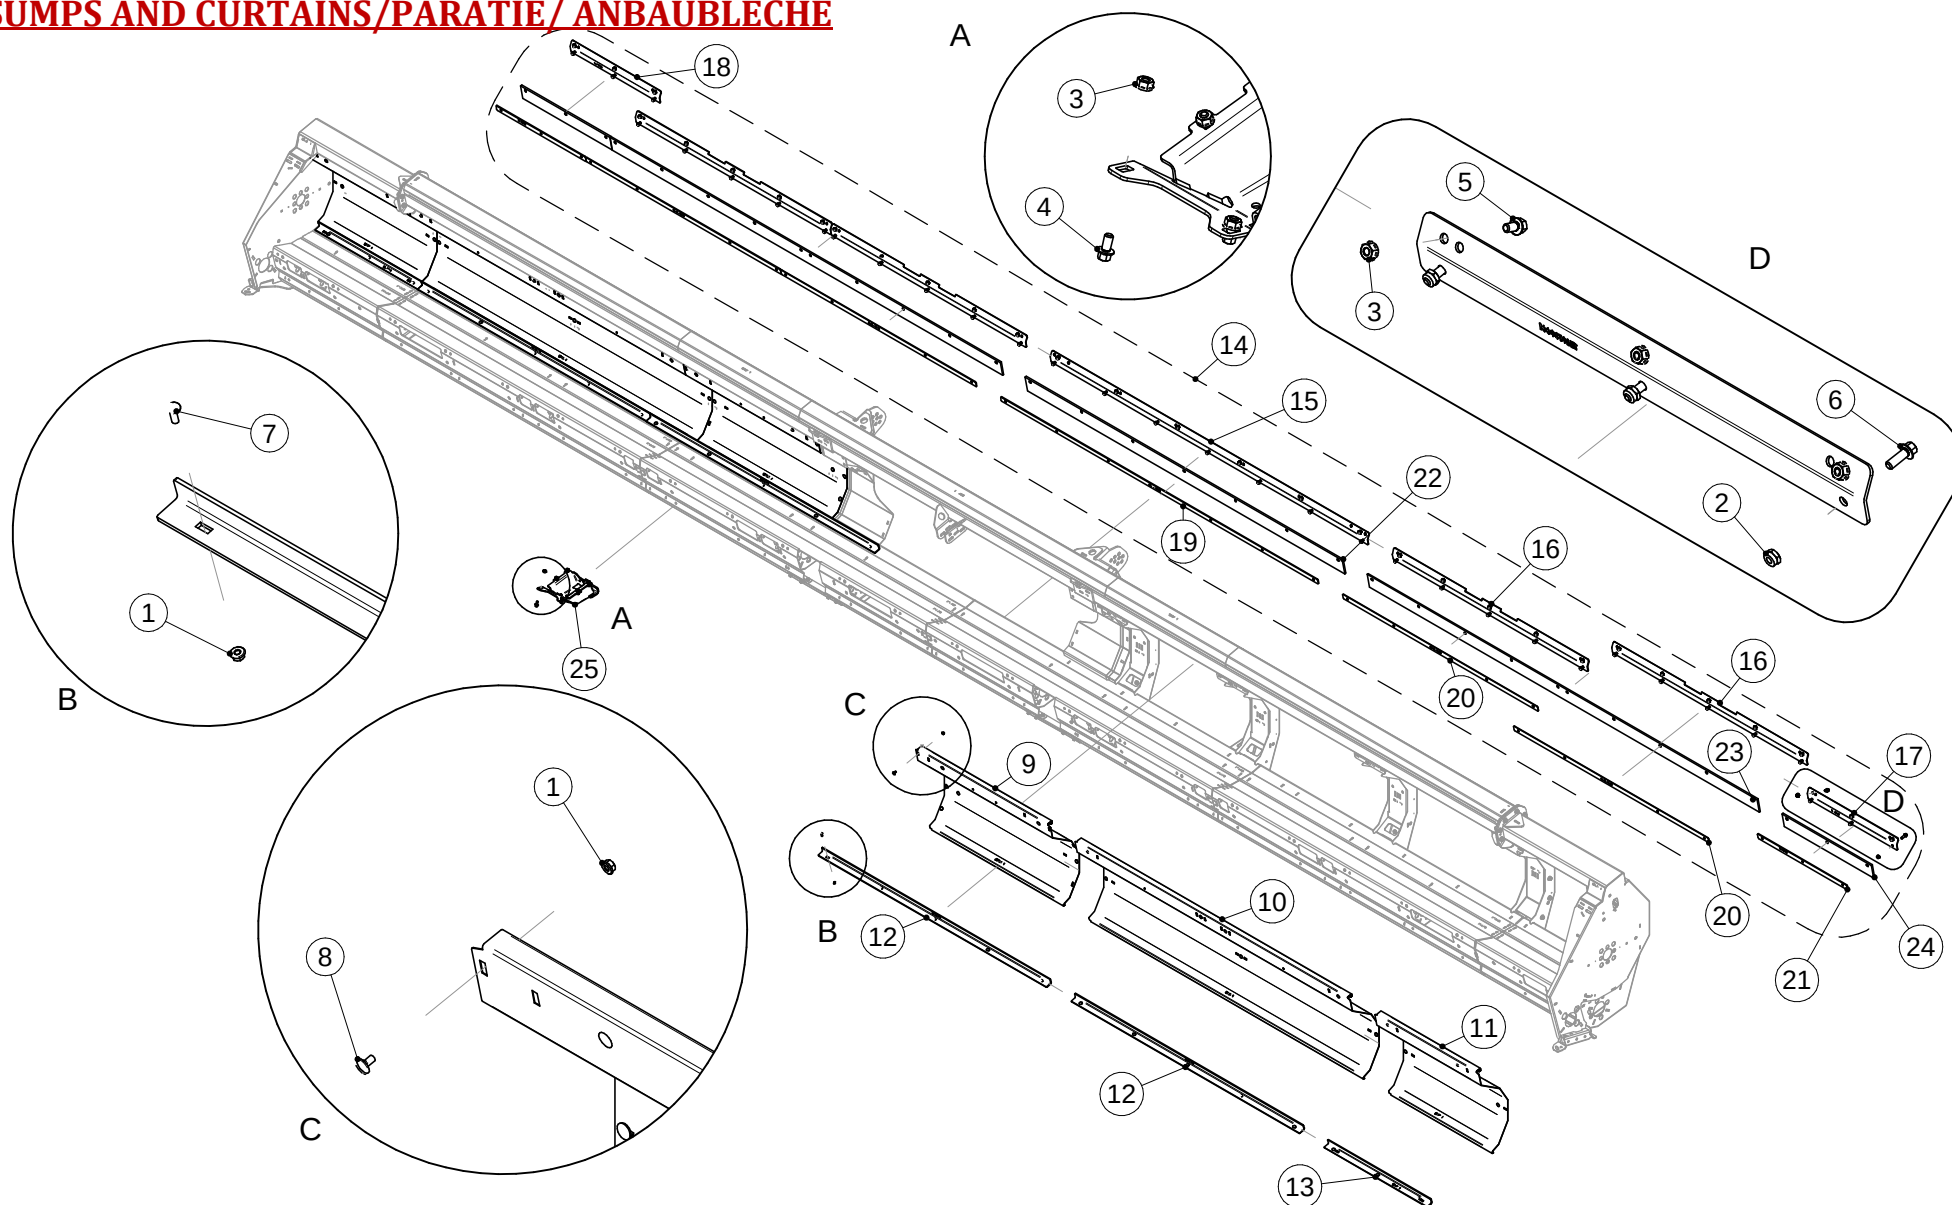

E: 3° möglicher Reihenabstand

Werte, die in Zelle C, D oder E mit „-“ getrennt wurden, stellen reduzierte Reihenabstände der äußeren Reihen dar. Das erstgenannte Maß bedeutet den Hauptreihenabstand; das zweitgenannte Maß den Abstand der äußeren Reihen.

Beispiel: „T8F 750\_750-700\_760“ => Rahmen für 8-reiher mit folgenden Reihenabstände: 750 mm oder 750 mm mit seitlichen Abständen von 700 mm oder 760 mm (30 inch).
